Capacity	8G Nand Flash, 2G intern
Java / WAP	Java 2.0 / WAP (V2.0)
Language	German, English, Spanish, ect.
Tools	Calculator, world clock, alarm clock, stop watch etc.
Synchronization	with Outlook
Article number	G0100000

Advantages:

1. Rugged phone
2. Touch screen with brightness sensor
3. Walkie Talkie 400 to 480 MHz UHF
4. Dust and water proof (IP57)
5. Dual SIM card
6. Camera with 2 mega pixel
7. LED torch
8. Quad-band
9. Bluetooth, GPRS, MMS, SMS
10. Phone book for 1000 records
11. Long battery life time

Accessories:

1800 mAh polymer battery
USB cable
Headset
Charger
User manual

ATEX certification:

Ex-Zone 2
Ex II 3 G Ex ic IIC T4

Description:

The GUARDIAN 1.0 is a rugged dust and water proof industry mobile phone. It is designed for the use under extreme conditions, usually found in hazardous locations. Easy handling and long battery life time offer best comfort. The Dual SIM card holder allows the use of two SIM cards to increase the reachability of the user. The Walkie Taklie function offers still a communication channel, once the GSM net is off service. The camera with its LED flash light that can also be used as a LED torch are helpful features in harsh environmental conditions. The touch screen with brightness sensor brings the Look and Feel of a Smartphone and can also be used while wearing gloves. Your reliable partner, if you have to fulfill really hard tasks. High storage capacity allows to store a lot of contacts, pictures and other data on the phone. It can be synchronized via Outlook.
